## 2. Description of Service

Hunting Manager provides cloud-based software solutions for the hunting community:

- **Hunting Manager Pro:** A B2B management platform for hunting ground owners and administrators to organize hunts, manage livestock, track hunters, verify licenses, and control domain finances.
- **Hunting Manager Individual:** A B2C application allowing individual hunters to store hunting records, upload photos and videos, analyze statistics, and share experiences with friends.

## 3. Subscriptions and Billing

While access to Hunting Manager Pro is billed directly to domain owners, the **Hunting Manager Individual** app is provided free of charge for the first year. Following the first year, a subscription fee of Rs: 100 per month (billed annually) applies. We reserve the right to change pricing with prior notice.

## 4. User Responsibilities & Compliance

As a user of the Service, you agree to:

- **Legal Compliance:** Adhere to all local, regional, and national laws regarding hunting, wildlife conservation, and firearm possession. Hunity Ltd acts only as a software provider and assumes no liability for unlawful activities committed by users.

- **Accurate Data (Pro Users):** Domain administrators must ensure that tracked hunter information, especially regarding firearm and game licenses, is accurate and up-to-date.
- **Appropriate Content (Individual Users):** You are solely responsible for the photos, videos, and records you upload and share. You agree not to upload content that is illegal, highly offensive, or violates the intellectual property or privacy of others.

## 5. Intellectual Property

All software, graphics, maps, and functionality within Hunting Manager remain the exclusive property of Hunity Ltd. Users retain the rights to the personal media (photos, videos) and data they upload to the Individual app, but grant Hunity Ltd a license to host and display this content as necessary to operate the Service.
